Sir:

In accordance with the duty of disclosure imposed by 37 C.F.R. § 1.56 and § 1.97 to inform the Patent Office of all references coming to the attention of each individual associated with the filing or prosecution of the subject application, which are or may be material to the patentability of any claim of the application, Applicants hereby direct the Examiner's attention to references listed on the attached form PTO 1449 entitled "List of References Cited by Applicant." The references were cited in an Office Action that issued on July 20, 2007, in the corresponding Chinese application. Also attached hereto are copies of all references that are not U.S. patent documents. Also attached is an English translation of the Chinese Office Action indicating the relevance of the cited documents. Note that the first-cited document in the Chinese Office Action is the Japanese patent document JP2001-21781; as this document was already submitted in the IDS dated November 23, 2005, it is already in the file of the application and is not re-submitted with this IDS.

Identification of the listed references is not to be construed an admission of Applicant or Attorneys for Applicant that such references are available as "prior art" against the subject application. Applicant respectfully requests that the Examiner review the foregoing references and that the references be made of record in the file history of the application.

This Information Disclosure Statement is accompanied by a Request for Continued Examination. Accordingly, it is being filed under 37 C.F.R. 1.97(b) before a first Office action on the merits, and it is believed that no fee is therefore due, other than the fee for the accompanying RCE, the authorization to charge which appears on the RCE transmittal. However, please charge any fee that may be due, or credit any overpayment, to Jones Day Deposit Account No. **50-3013**.

Respectfully submitted,

Date: October 26, 2007
